LETTER FROM THE CEO

Dear Friends, Supporters, and Community Partners,

As I reflect on the past few months, I am filled with immense gratitude and pride in what Meals on Wheels of Mercer County has accomplished, and even more, in the compassion and commitment shown by our volunteers, staff, donors, and partners. Despite the challenges we continue to face in today's world, one thing remains steadfast: our mission to nourish, support, and connect those we serve.

Over the past year, we delivered more than 138,000 meals to homebound seniors and individuals with disabilities, providing more than just food, offering hope, companionship, and dignity to those most in need. This work would not be possible without the incredible network of people who believe in our cause.

We have expanded our services, deepened community partnerships, and continued to innovate to ensure that no one in Mercer County has to face hunger or isolation alone. Whether it was responding to growing demand, navigating supply challenges, or enhancing our volunteer training and safety protocols, our team rose to every occasion with determination and heart.

To our supporters: thank you for standing with us. Your generosity fuels every delivery, every smile, and every moment of connection. To our volunteers: you are the soul of this organization. And to our staff: your unwavering dedication inspires me every single day.

Looking ahead, we are committed to not only sustaining but growing our impact. Together, we will continue to serve with compassion, lead with integrity, and advocate for those whose voices too often go unheard.

With deepest appreciation,

STRONGER TOGETHER

Volunteering with Meals on Wheels of Mercer County isn't just for individuals, it's a meaningful way for businesses, schools, faith groups, and community teams to give back together. Our group volunteer opportunities offer a hands-on, high-impact way to build team spirit while supporting neighbors in need. Corporate partners can "adopt a route," allowing employees to rotate and deliver meals during lunch breaks. Schools and service clubs can participate in special projects, holiday deliveries, or note-writing campaigns that brighten our clients' days. Whether it's a one-time event or an ongoing partnership, group volunteering creates lasting bonds, within your team and across our community.

At Meals on Wheels of Mercer County, we believe no one should feel alone, and that includes our volunteers. Our meal delivery program features a buddy system designed to support new and seasoned volunteers. New volunteers are matched with experienced volunteers for their first route, providing hands-on guidance, a chance to learn participants' needs, and a comfortable introduction to the process. For those who prefer to team up, buddies can drive together, share the delivery responsibilities, and enjoy the experience as a pair. It's a simple system that strengthens community, ensures smoother deliveries, and builds lasting bonds, not just between volunteers and clients, but among volunteers themselves.

I was introduced to volunteering with Meals on Wheels by someone who had been helping my father when he was getting old and having a hard time getting around. After my dad passed away, she asked if I would go to the information session for Meals on Wheels... I was hooked. It was a program that I know my dad would have really appreciated - having somebody come to the house every day, five days a week... Even when the weather is terrible and you show up, some of the participants will say, 'I didn't think you would come today!'

MAKE A LOCAL IMPACT THAT LASTS

Volunteering with Meals on Wheels of Mercer County means making a direct, tangible difference right here at home. Every meal you deliver helps a neighbor in your own community, someone who may be just a few streets away, but who depends on this service for daily nourishment and human connection. Whether you volunteer once a week, once a month, or as part of a group, your time brings comfort, dignity, and independence to older adults and people living with disabilities in Mercer County. In a fast-paced world, it's a deeply personal way to slow down, connect, and care, one meal, one visit, one neighbor at a time.

THERAPEUTIC MEALS MATTER

At Meals on Wheels of Mercer County, we understand that one size doesn't fit all, especially when it comes to nutrition. That's why we offer *Therapeutic Meals* for participants with specific dietary needs. Developed under the guidance of a registered dietitian, these meals go beyond simply feeding, they help manage health, improve quality of life, and reduce hospitalizations. For many clients, this specialized nutrition is a lifeline, delivered right to their door with the same care and consistency as every meal we provide. Your support helps us continue to meet the growing demand for these vital, customized meals; because everyone deserves food that supports their health and well-being.
