Letter From the CEO

DEAR FRIENDS, SUPPORTERS, AND COMMUNITY PARTNERS,

When I joined Meals on Wheels of Mercer County just over a year ago, I quickly learned that our organization is about far more than delivering meals. Every day, our staff, volunteers, donors, and community partners come together to provide nourishment, connection, and peace of mind to older adults throughout Mercer County. For many of our participants, the meal delivered to their door is also a friendly visit, a wellness check, and a reminder that they are not alone.

This past year has been one of meaningful growth, thoughtful planning, and organizational transformation. Together, we have continued to serve more than 400 older adults every day, providing well over 143,000 nutritious meals annually, with many participants receiving two meals each day to help meet their nutritional needs. Behind every meal is a dedicated team of employees and volunteers who work tirelessly to ensure our neighbors can remain healthy, independent, and safe in their own homes.

While meeting today's needs has remained our highest priority, we have also invested in strengthening our organization for the future. This year marked significant progress in implementing the first year of our strategic plan. We expanded partnerships across healthcare systems, schools, businesses, and faith-based organizations; strengthened volunteer recruitment and engagement; diversified funding sources through grants, managed care partnerships, and individual giving; and enhanced our internal operations to better support sustainable growth. These accomplishments are laying the foundation for an even stronger organization capable of serving more people while remaining financially and operationally resilient.

None of this progress would have been possible without the extraordinary commitment of our volunteers, staff, Board of Trustees, donors, and community partners. Every volunteer who delivers a route, every donor who makes a gift, every partner who advocates for our mission, and every employee who serves with compassion contributes directly to improving the lives of older adults throughout Mercer County.

As we look ahead, we recognize that the need for our services continues to grow. Rising food costs, increasing demand, and the ongoing need for volunteers present real challenges, but they also reinforce the importance of our mission. Our focus in the coming year will be to continue strengthening volunteer capacity, enhancing our delivery systems, expanding strategic partnerships, and ensuring that every eligible older adult has access to nutritious meals and supportive services.

Thank you for believing in our mission and for standing alongside us as we build a healthier, more connected community for Mercer County's older adults. Together, we deliver far more than meals; we deliver hope, independence, and dignity every single day.

With gratitude,

Meals on Wheels of Mercer County

Why Volunteer?

Every meal delivered begins with someone who chooses to give their time.

Volunteers are the heart of Meals on Wheels of Mercer County. They provide more than transportation; they offer conversation, encouragement, and a personal connection that can brighten someone's entire day. For many of our participants, their Meals on Wheels volunteer may be the only friendly visitor they see that day.

Volunteering is also an opportunity to give back in ways that benefit you. Studies consistently show that volunteering can reduce stress, increase happiness, strengthen social connections, and provide a greater sense of purpose. Whether you are looking to make a difference as an individual, spend meaningful time with family, volunteer alongside coworkers, or introduce a friend to a rewarding experience, there is a place for you at Meals on Wheels.

If you have ever wondered how one person can make a difference, start with one delivery route. Invite a friend, family member, neighbor, or coworker to join you. Together, you can help ensure that no older adult in Mercer County feels forgotten or alone.

Every volunteer. Every visit. Every meal. Together, we are delivering hope.

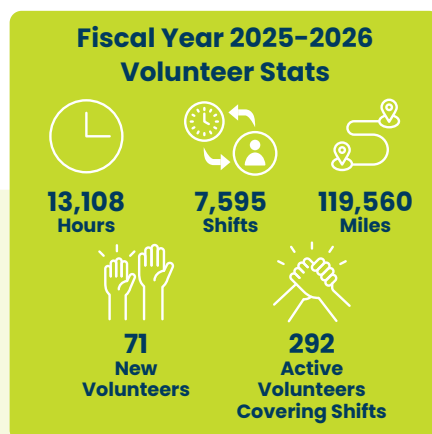

Adopt-a-Route: A Meaningful Way to Give Back

Our Adopt-a-Route program provides businesses, community organizations, faith communities, schools, and civic groups with a unique opportunity to make a lasting impact close to home. By committing to a regular meal delivery route, volunteer teams help ensure that older adults throughout Mercer County receive not only nutritious meals but also a friendly face and reassuring wellness check.

Designed with busy schedules in mind, most delivery routes can be completed in less than two hours, making it an ideal opportunity for employee engagement, team building, and community service. Whether a team volunteers weekly, monthly, or on another recurring schedule, each route adopted helps strengthen our volunteer network and ensures reliable meal delivery to our participants.

For many organizations, Adopt-a-Route has become more than a volunteer activity, it has become part of their culture. Employees return to work inspired by the meaningful connections they make with the older adults they serve, while organizations demonstrate their commitment to strengthening the communities where they live and work.

By adopting a route, you're helping deliver far more than a meal. You're delivering compassion, independence, and the reassurance that someone cares.

Note From a Volunteer

Simply put being part of the Meals on Wheels effort has been an activity I look forward to doing each week for the past 12 years, since I retired from 37 years of teaching. It is an absolute joy and privilege to be able to deliver nutritious meals to appreciative people, who smile when greeted, share bits of information about healthy families, likes (fresh fruit and small gifts) and dislikes (exotic grains), and pause for brief chats. Sometimes front doors are left unlocked, trusting that meals will be placed inside on counter tops or tables, because physical challenges prevent clients from coming to the doors. No apologies necessary for delayed responses, just relief to see the client up and able to receive the day's delivery.

Expanding Access to Healthy Living

At Meals on Wheels of Mercer County, we recognize that supporting healthy aging goes beyond delivering a nutritious meal. Throughout Fiscal Year 2026, we expanded our commitment to nutrition and wellness by providing fresh fruits and vegetables to participants, helping increase access to healthy foods that are often difficult to obtain for homebound older adults.

Nutrition is only one part of healthy aging. Through partnerships with organizations such as Rutgers Cooperative Extension, we expanded our wellness programming to support overall well-being. Participants received wellness newsletters featuring healthy recipes, seasonal nutrition tips, and practical health education tailored specifically for older adults. We also encouraged physical activity through chair yoga and other at-home exercise programs designed to promote strength, flexibility, and independence.

Recognizing that emotional and cognitive well-being are equally important, we incorporated creative wellness and cognitive enrichment activities, including adult coloring books and other brain-engaging resources that encourage relaxation, creativity, and mental stimulation. These initiatives help reduce social isolation, promote lifelong learning, and support healthy aging beyond the dinner table.

Together, these efforts reflect our commitment to helping older adults not only receive nutritious meals, but also lead healthier, more active, engaged, and connected lives.

Fresh produce distributions remained a priority throughout the year, extending beyond the traditional growing season and into the winter months so participants could continue enjoying access to nutritious fruits and vegetables. During the holiday season, more than 400 fresh produce baskets were distributed, providing healthy ingredients at a time when food insecurity can be especially challenging.

Recognizing that winter also brings colder temperatures and disruptions to regular meal service, we ensured participants had the nourishment they needed to stay safe and well. When Rider University closed during the holiday break, additional meals were provided so no one experienced an interruption in meal delivery. Winter meal baskets featuring hearty, shelf-stable foods were also distributed, giving participants comforting, nutritious options to prepare during the coldest months of the year.

Together, these efforts reflected our commitment to ensuring that older adults had reliable access to both fresh, healthy foods and warm, satisfying meals when they were needed most.

Through our valued partnership with Farmer George at Asprocolas Acres, Meals on Wheels of Mercer County distributed **4,600 bags of fresh fruit and vegetables** to participants this past year, expanding access to healthy, nutritious food.

Why Giving Matters

Every gift to Meals on Wheels of Mercer County does more than provide a meal, it helps older adults remain healthy, independent, and connected to the community they call home. Your generosity supports nutritious meal preparation and delivery, friendly wellness checks, and the compassionate services that allow our participants to age with dignity in their own homes. Financial contributions also help us respond to rising food costs while expanding our ability to serve the growing number of older adults who rely on us each day. Many employers offer matching gift programs, allowing your donation to be doubled, or even tripled, at no additional cost to you, extending the impact of your generosity even further. Whether your gift is large or small, every dollar helps ensure that no homebound neighbor has to choose between nourishment, safety, and independence. Together, we are delivering more than meals; we deliver hope, connection, and peace of mind.
