

## 2018-2019 ANNUAL REPORT

**MEALS on WHEELS**  
**MERCER COUNTY**

TOGETHER, WE CAN DELIVER.

# FROM THE CEO

There is a saying; “you are what you eat”.

More Americans are becoming increasingly conscious of what they are eating, and it's about time. According to the CDC, 41% of adults over 60 are obese, 25% have diabetes according to the ADA, and at least 44% of the overall US population suffer from one or more cardiovascular issues according to the AHA. With such troubling statistics, our society that has in the last 50 years focused on food as convenience, may be finally turning a corner and starting to see the direct correlation between the quality and quantity of food we eat, and a longer and healthier life.

Meals on Wheels of Mercer County is a nutrition program that serves a certain sector of our population who may be invisible to the majority, but who continue to be vital members of our community. Our goal is to keep the homebound healthy and independent in their own homes for as long as possible. Part of that equation involves not only a daily friendly visit from a caring volunteer, our ‘special sauce’, but also a balanced, nutritious and high quality meal served with love.

Those we serve want the same things out of their meals that the rest of us do; quality, and balanced nutrition. But unlike the rest of us, they may need it most. Yet they are more often than not, the ones who do not have the choices or options that the rest of us do, mostly because of circumstance. That circumstance may be anything from a physical disability, illness, advanced age combined with poverty, or access to healthy food options due to where they reside. Most have little support in their homes from family and friends who can ensure they are receiving proper nutrition on their own.

This past year, to further our goal of becoming the premier nutrition program in Mercer County, we partnered with Rider University and Gourmet Dining, in the preparation of our meals. These are institutions already charged with providing quality nutrition to developing minds. Our meals meet 1/3 the daily Dietary Reference Intakes (DRI)

established by the Food & Nutrition Board of the National Academy of Sciences, and National Research Council, and are all low in sodium and diabetic friendly. Overseen daily by a licensed dietitian, our meals have expanded to include many new dietary options previously unavailable to our participants like a full vegetarian menu, and a wide array of allergen free options such a gluten free. We continue to meet the many dietary needs that our participants need due to their medical conditions such a renal diets, no leafy greens, or texturized due to chewing or swallowing issues.

As we move forward, we are researching the ‘food as medicine’ movement, and looking at the possibility of serving more medically tailored meals to those who may need them. Choice does not only involve different menu items, but more importantly, it is supporting the choice our participants make to remain *healthy* and in their homes for as long as possible. We believe the food we serve them is the key in that equation.

Hand and hand with good nutrition, many of those we serve do not have optimal nutritional habits, so we also provide nutrition counseling and education by a licensed dietitian to support our participants with their food choices when not eating our meals. Due to disability or sedentary life styles, obesity, diabetes and heart disease especially plague this population. While having provided fresh fruits and veggies in the summer for some time, we recently began a year-round program to provide these items to those most vulnerable who have limited access to them.

Unlike many other programs that serve a vulnerable population, we measure our success by longevity on our program. We have served some individuals for many, many years, proof that they can remain healthy in their own homes for a long time. Fifty-five percent of our participants have been on our program for over a year. We celebrate every success such as with a participant who recently received the good news from her doctor that she was no longer a diabetic! Did our meals play a part? We are sure they did!

High quality nutrition should be accessible to every one of us. It is the key to longevity and good health. With your help, we are driven to provide it daily to those least able to choose it for themselves.

This fiscal year,  
MOWMC received:

**\$105,630**

in Corporate Giving

**\$146,900**

in Foundation Grants

**\$13,810**  
because you  
dined out!

# THE YEAR IN REVIEW

## 76,965

### Daily Meals Served

through our partners:

## RIDER UNIVERSITY

&

## GOURMET DINING

## 553

### Participants served

58% lived alone

55% have been on program over 1 yr

60% were at high nutritional risk

81% were below the poverty line or at risk for poverty

88% were over age 60

100% received meals and face-to-face interactions

## MOWMC provided \$263,281

in subsidies thanks to  
your donations

That equates to

## 43,880 meals!

## 13,981 volunteer service hours...

equivalent to:

6.72 years of

Full-time employment...

...worth \$402,939.63!

Approximately

## 14,200

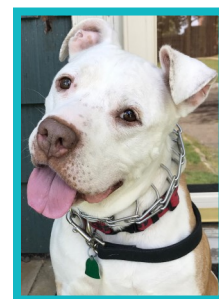

### Pounds of pet food

### delivered

## Volunteers drove 78,511 miles

equivalent to driving  
3.1 times around the  
world!
